

BIO-GLYCERINE

In the steadily growing market for natural cosmetics and organic foods, more and more manufacturers are replacing conventional glycerine with an organic variant. In order to meet the increasing demand and the different wishes of our customers, we have expanded our product range for certified organic glycerine and currently offer three qualities.

VEGETABLE ORGANIC GLYCERINE BASED ON PALM/PALM KERNEL OIL WITH RSPO IP CERTIFICATION

Certified as 96.7% organic according to the COSMOS standard by ECOCERT Greenlife.

The product is certified in accordance with Regulation (EC) No. 848/2018. Raw material RSPO SCC/IP certified by Control Union Certification in accordance with the requirements of the RSPO Supply Chain Certification System/Certificate No: CU-RSPO SCC-818049.
